Students,

Since there is no longer a summer reading assignment in Honors World History, you will be reading the novel, **Incantation**, by **Alice Hoffman**, as part of the class. This is a work of historical fiction centered on the life of a young girl growing up during the Spanish Inquisition. Since we will soon be studying this era of history (within the next month), the book provides a great view of this difficult time from a teenager's perspective.

You will need to obtain the novel on your own. You may check it out through a library or purchase a copy at a local bookstore or online.

You will be reading the book on your own so please see quiz dates below. There are summaries online, but the quizzes will be very specific, so you will need to read the book. You might want to take notes on post-it notes and stick them in the book to help you review before the quizzes. I think you will really enjoy it!
